Dear Colleague,

**Re: BASCD AGM and Spring Scientific Meeting, 22nd – 23rd April 2010,
Brighton Thistle Hotel**

Theme: Inspiration, Innovation and Integration: Influencing a Global Future for Dentistry

Liana Zoitopoulos, BASCD President Elect is unable to take an active part in the Spring Conference due to illness and she has asked me to represent her during her Presidential Year. This is a duty I am pleased and honoured to undertake. Liana and I are delighted to invite you to the 2010 Presidential Meeting and AGM at Brighton Thistle Hotel on the 22nd – 23rd April 2010. Brighton is a vibrant and cosmopolitan, yet friendly and compact coastal town and the conference hotel is situated directly on the seafront near the historic Brighton Pier, just a mile from the railway station.

The conference theme is 'Inspiration, Innovation and Integration: Influencing a Global Future for Dentistry'. An impressive array of world class speakers are presenting at this two day event. On the first day the speakers include Professor Nigel Pitts, Sue Gregory, Eric Rooney and Professor Jimmy Steele, who will explore how to build on the experience of dental public health. On day two the speakers include Professor Nairn Wilson, Professor Derrick Willmot and Mabel Slater, who will speak on the topic of inspiration within research, training and education.

Brighton provides a unique setting for a conference. A visit to the spectacular Royal Brighton Pavilion has been arranged to include an exclusive tour, drinks reception, and in the evening, the Conference Dinner. The 4-star Conference hotel offers views overlooking the sea and the Pier, and the famous Lanes area of the town. The spacious rooms are all en suite, with air conditioning and wi-fi as standard.

Booking forms must be returned by the 26th March 2010 as a limited number of spaces are available.

I look forward to welcoming you to Brighton in April.

Yours sincerely,

Janet Clarke
Representative of President Elect
